THIRD CONTINGENT LEAVE

Hazelton and District Send Full Quota for New Force Now Being Organized

Recruiting for the third Canadian contingent for service overseas has been carried on very successfully in this district, more than the allotted number of recruits having left for Prince Rupert during the past week. The following volunteers left from Hazelton: Charles McIntosh, P. Stanley McKenzie, John Wadey and H. J. Jewell (Houston).

From New Hazelton: Harry Cramb, Hubert Wrinch.

From Smithers: J. W. Smith, F. Greenwood, J. F. Thiebot, R. Munroe, W. Gordon, F. Casperd, Alex. McMillan, A. M. Jardine, J. Sullivan, J. H. W. Jessop, James Campbell, A. George.

From Endako: W. Heney, Louis Ledger, J. Meney, W. Barlow.

Several who are well known in the district have joined the forces in Victoria, among whom are Alex. Tiliard, surveyor, Warren, formerly with the Hudson's Bay Co. here, and ex-Constable Harvey, formerly located at Hazelton. J. Milligan, the well-known surveyor, has gone to England to join a regiment there.

NEW REGULATIONS ON RAW FUR SHIPMENTS

The local postoffice has been advised by the department that in future no package of raw furs or game may be accepted for transmission by mail during the closed season (which in most provinces is from May 1 to Nov. 1) unless the sender produces a permit from the game warden covering the shipment, and all packages must bear the name of the sender and the number of the game warden's permit. Furthermore, no package of raw fur or game may be accepted at any time unless the package is marked or labelled with a description of the contents, stating accurately the kind of game or skin.

The B. C. Gazette announces the incorporation of the Kispiox Farmers' Institute, with head office at Kispiox, B. C.

Miss Sisko, of the Hospital staff, who underwent an operation for appendicitis last Sunday, is progressing favorably.

George Hanna received a six months' sentence from Magistrate Hoskins for supplying liquor to Indians last Monday.

A. McLeod, formerly a G.T.P. constable, arrived in Hazelton this week, to fill the vacancy in the ranks of the provincial police here.

A special service will be held at the Anglican Church, Telkwa, Sunday the 28th, in memory of F. G. Heal, who died at Salisbury, England, on Jan. 24.

DARDANELLE FORTS DESTROYED

ALLIED FLEETS HAVE COMPLETELY SILENCED OUTER FORTIFICATIONS

Petrograd (official communication from Russian headquarters):—The enemy's infantry, which had crossed the Nieman river near Sventoyansky, was thrown back upon the left bank of the river. On the same bank of the river, north of the Grodno forts, fighting continues on an extensive front. Some villages have changed hands repeatedly. Heavy German siege artillery commenced to bombard Ossowetz at noon on Thursday. An impetuous German attack against Sector, between Bohr and Edvado rivers, was repulsed with enormous losses to the enemy. In the Przasnysz region our troops have gained important successes, having forced the Germans to retreat on a 25-mile front. Counter attacks by the enemy were repulsed after stubborn bayonet fighting. Our troops continued the assault against the villages still held by the enemy. We have captured over 1,000 prisoners and many machine guns.

Petrograd (official communication from headquarters of the Russian army in the Caucasus, dated Feb. 24):—Our troops have progressed with great success in the Transchoruk region. On the other front there have been only cannonades, which are without significance.

Christiania:—Wreckage picked up near Christiania today appears to indicate disaster to the German submarine U9.

An official communication issued by the French Minister of Marine today confirms the announcement of the demolition of the forts at the entrance to the Dardanelles. "The bombardment of the forts at the entrance of the Dardanelles was resumed from a great distance yesterday at eight o'clock in the morning. This was followed by a bombardment at shorter range. Four forts were completely destroyed. One of them was entirely fortified by Germans. Mine dragging in the straits is being effected under the protection of armored

and other cruisers of the combined fleet."

London:—The fleet of British and French warships is now hammering at the inner defences of the Dardanelles. Following the reduction of four outer forts, mine sweepers are at work in the straits under the protection of the guns of the fleet. Unofficial despatches from Athens and Rome say that one French ship has penetrated the passage. No serious damage has been done to the fleet. The Sedd-el-Barr fort at the entrance to the Dardanelles is in flames.

Paris:—The Sultan of Turkey is preparing to leave Constantinople. Imperial trains with steam up are waiting at the station. The inhabitants of the Prinkipo Islands near Constantinople have been instructed to be ready to leave.

London:—The Austrian advance in Eastern Galicia has been checked. The Russians have recaptured Stanislaus and Kolomea.

STORY OF THE GREAT WAR TOLD DAY BY DAY

London, Feb. 26:—The Petrograd correspondent of the 'Times' describes the position of the Austrians in East Galicia as critical. The activity of the Austro-Germans in Bukowina seems to have reached its utmost limits. Meanwhile, Russians continue to move across the Carpathians, immediately on the flank of the invading columns, whose position is hazardous.

Telegrams from Buda Pesth report fierce fighting around Stanislaw, in Galicia, says Reuter's Venice correspondent. Russians are said to be hurling reserves after reserves into the fighting line and to be defending their positions with the greatest stubbornness. The chief struggle is proceeding on the heights around town, where the Russians have concentrated with the object of stopping the advance of the Austrian right, which threatens their whole front. In the Carpathians, near Wyzskow, large Russian forces are making continuous attacks with fresh recruits.

London:—All forts at the entrance of the Dardanelles have been reduced by the allied fleets. This announcement was made officially tonight. The announcement of the secretary of the admiralty follows: "With the weather moderating, a bombardment of the outer forts of the Dardanelles was renewed at eight o'clock this morning, Feb. 25. After a

period of long range firing, a squadron of battleships attacked at close range. All forts at the entrance of the straits were successfully reduced and operations are continuing.

Washington:—Formal announcement was made at the State department today of Great Britain's disposition to declare a blockade of the coast of German East Africa from midnight on Feb. 28.

London:—A despatch to Reuter's Telegram Co. from Venice says: "The Austrian Government is confiscating the entire stock of grain and flour in the dual monarchy."

London:—In giving a list of seven British steamers submerged since Feb. 18, the Admiralty announces that 1,381 vessels entered or left ports in the war zone during that period.

London:—Constantinople despatches claim that three Anglo-French warships were damaged by the Asiatic forts during the bombardment yesterday. The British report that all the outer forts had been reduced has not been denied. The Anglo-French fleet is estimated at thirty ships. The bombardment continues.

Montevideo:—The German steamer Gotha, loaded with provisions for the German auxiliary cruiser Kron Prinz Wilhelm, has been captured by a British cruiser, according to reliable advices, and has been taken to the Falk-

land Islands. The Gotha was last reported leaving Buenos Ayres on Feb. 2, with supplies. She is a 6,653 ton boat and belongs to the North German Lloyd Steamship Co.

London:—A despatch to the 'Daily Telegraph' from Petrograd, says, "Russian military leaders expect that a considerable portion of the Russian twentieth army corps will succeed in fighting its way out of East Prussia and will rejoin the main Russian forces. These hopes are based on the continual arrival of small detachments of troops who have extricated themselves from the forest labyrinths. Reports from Russians indicate that German losses were larger than the Russians."

"Along this front the present fighting seems to show that the Germans are not now trying to push a definite forward movement, but are merely feeling about for a weak spot in the Russian line."

London:—Sir Edward Grey announced today that England is in entire accord with Russia in the latter's desire for access to the sea.

The second week of the submarine campaign opened today, with the loss of two small coasters, the Deptford off South Shields and the Western Coast off Beachy Head. One life was lost.

Geneva:—Russians continue (Continued on Page Four)

DAILY SERVICE ON G.T.P.

New Service Between Prince Rupert and the East to be Inaugurated

According to officials of the Grand Trunk Pacific Railway, it is intended to have a daily through service during the spring linking up Prince Rupert and the East. Travel, it seems, has increased greatly during the past few months over the new line from Winnipeg and the Eastern points to Prince Rupert and it is believed that there will be a great rush of tourists over the transcontinental during the summer. Popular round trip rates are being quoted. The indications are that a tri-weekly steamship service will be inaugurated between Vancouver, Victoria and Prince Rupert in order to meet this increased demand, and the Prince George, Prince Rupert and Prince John will probably all be busy on this route.

Solomon Dog Derby

Nome, Feb. 26:—Fred Ayer, driving a team of 14 foxhounds, won the 64-mile Solomon Derby here today. His time was 6 hours 23 minutes. Percy Blatchford was second, 15 minutes behind.

VOL. IV. SATURDAY, FEBRUARY 27, 1915. No. 26

Hon. J. D. Reid, Minister of Customs, issued Feb. 17 the trade figures for the ten months ending January 31st. It is the most encouraging report which has appeared for months. The most striking feature of the figures is the fact that exports show a considerable increase. There is an increase for the month of January of over three million dollars over exports of January, 1914. The exports of the month were \$23,595,721 as against \$25,218,887 last year.

Canadian manufacturers are evidently rapidly adapting themselves to new conditions, and are capturing their share of both the trade in war munitions and equipment and the German commerce of the world. There is really a remarkable increase in the exports of manufactures.

Exports for the month show an increase over the same month of last year of over two and a half millions. For the ten months the increase in manufactures exported shows an increase of no less than fourteen million dollars. The balance of trade against Canada is rapidly disappearing and by the end of the fiscal year the outlook is that for the first time for a generation the balance of trade will be in favor of Canada.

In the year 1914, for the ten months the balance of trade against us was \$140,000,000. This is being rapidly wiped out and for the ten months of this year the balance against Canada is only \$34,000,000.—Financial Times.

A curious phenomenon in national psychology is the wave of optimism as to the duration of the war which has swept over England recently. Whereas a few months ago one found that the prevalent opinion was based on a statement attributed to Lord Kitchener to the effect that he expected three years of war, nowadays one constantly hears people in all sections of society, speaking of the war as certain to finish next fall.

The 'Daily Mail' editorially warns its readers against "optimism at once dangerous and unjustified," and maintains that far from there being any likelihood of a German collapse, either financial or economic, of which some observers profess to see indications, "much of what is going on in Germany is probably a deliberate effort to effect a readjustment from a short war to a long one."

If the German government is looking for trouble with the United States, or Spain, or Italy, all it has to do is to permit a submarine to torpedo an American, Spanish or Italian vessel entering the German admiralty's psychological "war zone." Every neutral is bound to respect a real blockade and accept a belligerent's warning as to the presence of mines in any particular area. But it must reject as a piece of unwarranted arrogance the suggestion that a German naval officer

may happen to be careless enough to torpedo a neutral ship making a voyage which is clearly within its rights in making. We are confident that the United States will meet this issue as it ought to be met.—New York Tribune.

The Canadian Way

The commanding officer took up a position with the object of determining for himself just how the soldiers behave towards sentries, and whether the troops seriously recognize the position as regards pickets. Presently the tramp of approaching footsteps was heard. "Halt! Who goes there?" demanded the officer. "Scots Greys," came the clear reply. "Pass on, Scots Greys," ordered the officer. More footsteps. "Halt! Who goes there?" "Grenadier Guards," answered a respectful voice. "Pass on, Grenadier Guards!" Then in the darkness the steps of more soldiers. "Halt! Who goes there?" exclaimed the officer. "Mind your own business!" came the reply. "Pass on, Canadians!" ordered the officer.—London Opinion.

B. C. Legislature

A bill introduced by Sir Richard McBride at the present session of the legislature in Victoria, provides that all free miners' certificates held by members of the Allied Forces shall, without further payment, remain in force until midnight of the thirty-first of May, 1916, all matters and

things in the "Mineral Act" and the "Placer-mining Act" to the contrary notwithstanding.

The assessment work on all mineral claims held under the provisions of the "Mineral Act" by any member of the Allied Forces shall be deemed to have been done from the time of the declaration of the European War, and one month before, and thereafter continuously to the date of the passing of this Act and for one year thereafter.

U. S. Naval Program

Washington, Feb. 26:—Over a strenuous protest from Majority Leader Underwood, the House in passing the Navy Appropriation Bill, Friday night, retained provision for the construction of two new dreadnoughts.

The bill as it goes to the Senate carries \$144,648,901 and authorizes the following construction program:

Two battleships of the largest and most powerful design, \$7,800,000 each, exclusive of armor and armament.
Six torpedo-boat destroyers, \$925,000 each.
One sea-going submarine torpedo-boat, \$1,400,000.
Eleven submarines, \$550,000 each.
One oil fuel ship, 1,140,000.

Synopsis of Coal Mining Regulations.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

THE MINER WAR BULLETINS

(Continued from Page One)

their successes in the Carpathians. The Austro-German army has lost 3,000 men in the Dukla Pass. Russians have captured the advance guard, transport wagons and treasury regiment at Grownik.

Petrograd:—An official denial has been made to the German claims of a sweeping victory and defeat of the Russian tenth army corps during retreat. The official statement admits heavy losses in the twentieth corps, which is surrounded but still fighting. The arrival of two regiments from the twentieth corps today, raises the belief that others will fight their way back through the forests of Bohr.

London:—The 'Morning Post' publishes the following Constantinople message:—Turkish warships are coming into port minus funnels and with canvas over their damaged sides. The Goeben has three guns out of action and since the beginning of the war has lost about two hundred men killed and wounded. Her speed is now only about seventeen miles an hour when pushed to the limit.

Rome:—Popular indignation is aroused over the attack of Austrian destroyers on two Italian fishing boats flying the Italian flag. The destroyers fired upon and aeroplanes dropped bombs on the boat on the voyage from Antivari to Bari.

London:—The German submarine U-12 sank the British coasters Cambank and Downshire off Liverpool Saturday. The Cambank was taking on a pilot and was hit without warning, four lives being lost. The Australian mail boat Maloja, carrying four hundred passengers, was ordered to stop by an unidentified armed merchantman in the English Channel on Saturday. Ignoring the order, the Maloja speeded for Plymouth, five shells which were fired after her all falling short.

Berne:—Swiss soldiers fired on a German aeroplane which was hovering over Swiss territory, hitting the plane in nine places. The damaged machine was forced to descend.

Washington:—The American consul at Bremen reports the sinking of the American steamer Evelyn, by a mine off the German coast. The crew landed at Borkum Island. Secretary Daniels has ordered the United States'

naval attaché at Berlin to investigate.

Amsterdam, Feb. 23:—"German attacks in the north of France and in Flanders have lost much of their violence," says a despatch from Dunkirk.

London, Feb. 23:—A despatch from Amsterdam to the Exchange Telegraph Co. says: "Reports from the German frontier state that much uneasiness exists at the German fortified seaport of Cuxhaven, concerning the two large submarines which have not returned to their base. The submarines are said to be two days overdue and it is feared they have been destroyed."

Paris, Feb. 24:—A German submarine which, for the past few days had been lying in the English channel in wait for steam packets plying between England and France, on Monday night fired a torpedo at the steamer Victoria, while she was on her voyage from Boulogne to Folkestone, with a large number of passengers. The captain of the Victoria, however, saw the wake caused by the torpedo and slowed down his vessel, the torpedo passing harmlessly 100 feet in front of her.

The French second light squadron was informed to keep a sharp lookout in the Channel for the submarine.

The Minister of Marine announces that a torpedo boat of this squadron sighted a submarine at 7:30 o'clock this morning, eight miles southwest of Cape Alprecht, near Boulogne, and immediately opened fire, succeeding in scoring several hits before the submarine was able to duck. The announcement adds that a wide patch of oil was seen afterwards on the sea at the point where the submarine disappeared and from this it is believed the submarine was wrecked.

London (official statement):—Unfavorable weather with low visibility and a strong southwesterly gale, has interrupted operations in the Dardanelles.

Petrograd:—The official report of the disaster to the twentieth army corps in East Prussia, last Monday, says they were attacked on four sides and greatly outnumbered. Notwithstanding this, they forced a passage thirty two miles towards Augustowa, retaining artillery and German prisoners, and inflicting heavy losses on the Germans. In the Carpathians, Russian successes continue. From Jan. 21 to Feb. 20, we captured 691 officers, 47,460 men, 11 cannon and 118 mitrailleurs.

Manilla:—It is reported that on Feb. 15 there was an uprising in the Bengalese Light Infantry, at Singapore. Five hundred mutineers, being jealous over promotions, attacked the subdued loyal half, killing the officers. They then offered release to the German prisoners at the detention camp, but only seven accepted. Civilians took refuge on the transport Nile. The loyal half of the regiment, with European volunteers, attacked the mutineers, killing 400 before French, British and Jap marines arrived.
